WORK EXPERIENCE

Wallbox L2 Support Engineer - Key Responsibilities

Engineer - Support | Bna Spain 2023- 2024

- **Advanced Troubleshooting & Bug Reporting:**
Acted as the technical escalation point for Tier 1, performing Root Cause Analysis (RCA) for complex firmware and software issues related to EV chargers.
- **Bridge to Engineering & Product Teams:**
Collaborated directly with developers and L3 teams to identify, document, and track bugs using **Jira and Salesforce**, ensuring timely resolutions for high-priority cases.
- **Embedded Systems & Connectivity Support:**
Resolved advanced issues involving OCPP protocols, Wi-Fi, Bluetooth, and 4G connectivity in smart charging stations.

PROJECTS AND ADDITIONAL EXPERIENCE

WORK EXPERIENCE

WALLBOX L1 TECHNICAL SUPPORT AGENT/SPECIALIST

Bna Spain / 2022 - 2023

- **First-Line Technical**
Troubleshooting: Provided initial diagnostic and resolution for EV charging solutions, focusing on hardware setup and mobile app synchronization.
- **Incident Management & Ticket Categorization:** Managed a high volume of inquiries through Salesforce, ensuring accurate data entry and appropriate priority levels for all technical cases.
- **Customer Education & Onboarding:** Guided B2C and B2B customers through the initial configuration of the Wallbox portal and MyWallbox app.

MUSIC INSTRUCTOR (PIANO & MUSIC THEORY) | SHINE SCHOOL OF MUSIC

Bna Spain / 2018 - 2021

- **Tailored Educational Planning:**
Designed and implemented customized learning roadmaps for students of diverse backgrounds and ages, adapting teaching methods to individual learning speeds.
- **Complex Concept Simplification:**
Expertly broke down complex music theory and technical piano techniques into manageable, easy-to-understand modules.
- **Performance Mentoring & Goal Setting:** Guided students through rigorous preparation for public performances and examinations, fostering discipline and long-term commitment.

SESSION PIANIST | GESTMUSIC

TV Show: "La mejor canción jamás cantada" (RTVE) Bna Spain / 2019.

- **High-Pressure Execution:** Performed as part of the live house band for a prime-time national TV show, requiring flawless execution and real-time adaptability during live broadcasts.

MUSIC INSTRUCTOR | CENTER TONE MUSIC SCHOOL

Miami FL, USA / 2011 - 2016

- **Instruction & Mentorship:** Delivered tailored piano and theory lessons, breaking down advanced musical concepts into actionable steps for a diverse student body.
- **Creative Problem Solving:** Resolved real-time technical glitches during recording and teaching sessions, maintaining high-performance standards under pressure.

PROJECTS

ITA CHALLENGES PLATFORM

Jan 2026 – Present

- Contributed to the backend development of this multi-service platform. Gained hands-on experience with Java, Spring Boot, and MongoDB in a real-world team environment following agile methodologies. [CODE LINK](#) [LIVE DEMO](#)

REACT PORTFOLIO

- A single-page application built with React and deployed on Vercel. Features a clean, responsive design with dynamic content management. [LINK](#)

PDFGIGS - SHEET MUSIC MANAGER

Nov 2025 – In development / Present

- Full-stack application implementing Hexagonal Architecture (Ports & Adapters) with Spring WebFlux. [FRONT](#) [BACK](#)
